The definition of SUPPORT is to give courage and strength.....

.....the definition of GROUP is to bring together!

Anyone caring for a person 60+ years of age is invited to join one of our groups. By working together, participants can help each other cope with effects of disease and aging. Group members openly discuss their feelings, experiences and fears in a non-judgmental and supportive atmosphere. Practical issues such as health care assistance, dealing with behaviors, respite and much more are discussed.

Join The CSI Squad!!
